

AI. IN YOUR VOICE.

Your next customer is already typing.

Bring customers, AI and your team together.
Keep every conversation moving.

BETTER CONVERSATIONS. BETTER BUSINESS.

More value from every conversation.

Increase customer satisfaction

Give customers timely, helpful answers.

Turn more enquiries into sales

Guide customers towards their next step.

Automate repetitive questions

Save time. Answer faster. Reduce routine work.

Improve team productivity

Free your team for high-value work.

Happier customers. More opportunities. Less busy work.

Less chasing. More connecting.

24/7

always on

5+

channels, one inbox

Sounds familiar?

Your team is busy. Your customers are waiting. The same questions keep coming.

Messages everywhere.

Unify scattered channels in one inbox.

Same question. Again.

Let AI handle routine answers.

Follow-ups fall behind.

Automate next steps. Keep leads moving.

The answer sounds off.

Give your bot a voice that fits your brand.

Your bot. Your language. Your brand.

Customise your bot's tone of voice to match your brand identity.

Many channels. One seamless flow.

INTERACTIC AI

So sorry, Karim! I can see the crack in your photo. A replacement ships today, tracking to follow here.

Put the routine on autopilot.

1

MESSAGE

Customer reaches out.

2

UNDERSTAND

AI answers and captures needs.

3

ACT

Guides the next step.

4

HAND OVER

Your team takes over when needed.

No code. No consultants. Just switch it on.

 **Go live**

**No code**

Point, click, done.

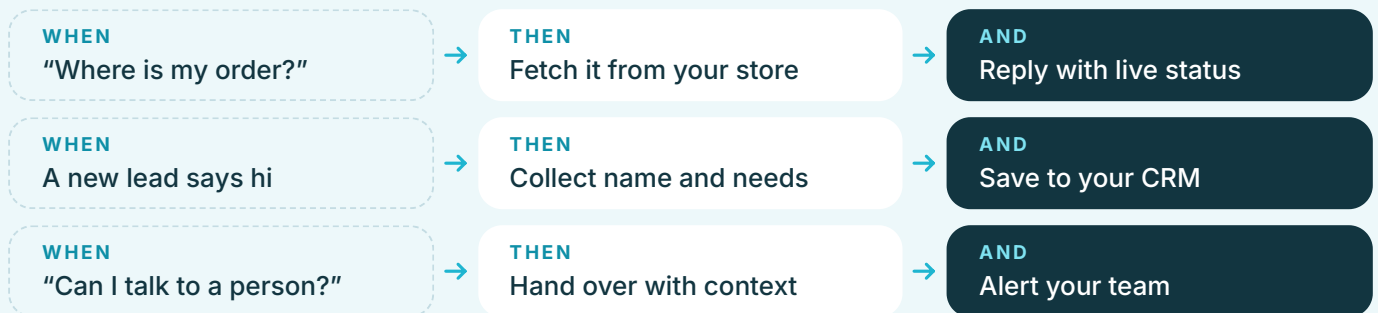

**Learns your business**

From your site and docs.

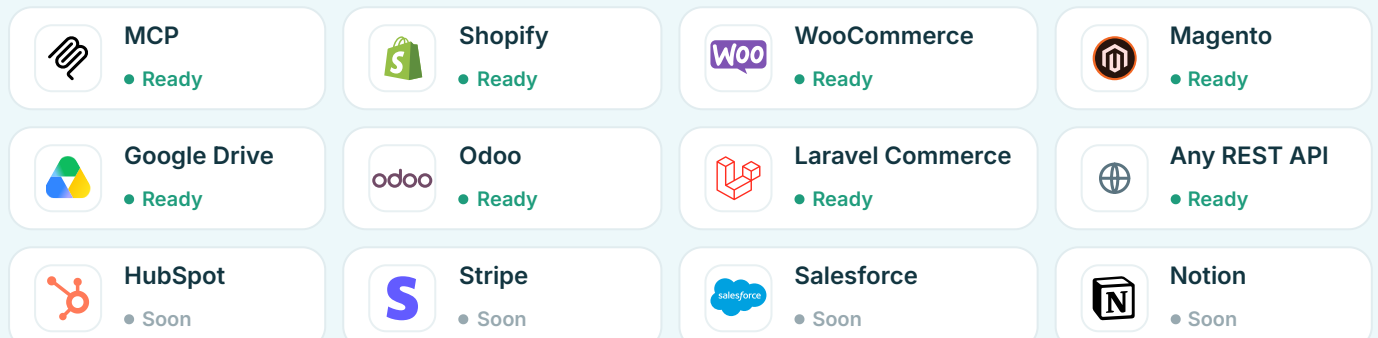

**Tweak anytime**

Changes go live instantly.

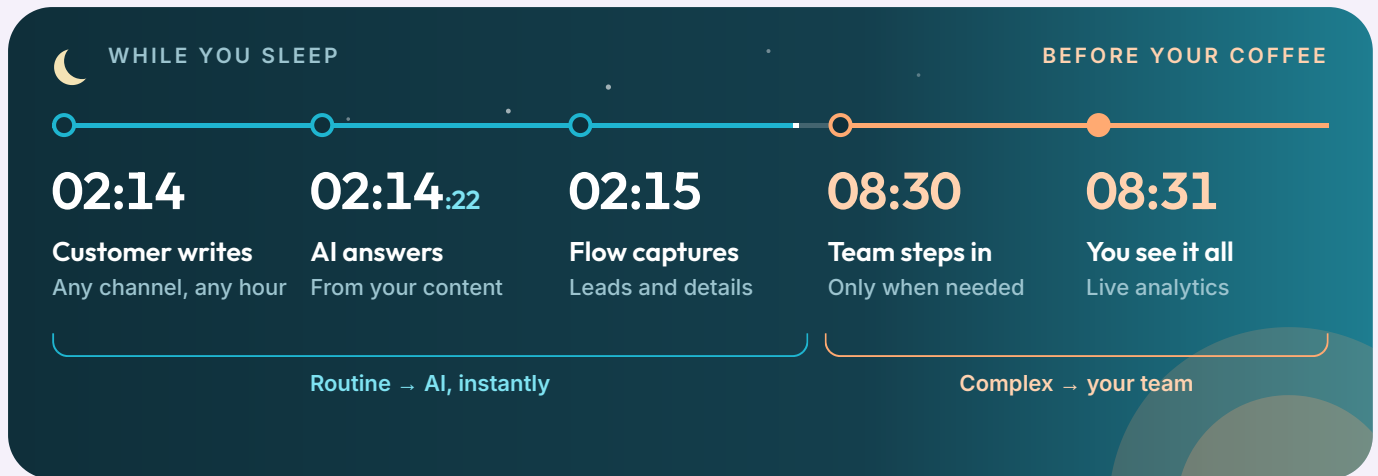

Customizable workflows that read like a sentence.

Plugs into the tools you already use.

[More integrations to explore on **interactic.app** →](#)

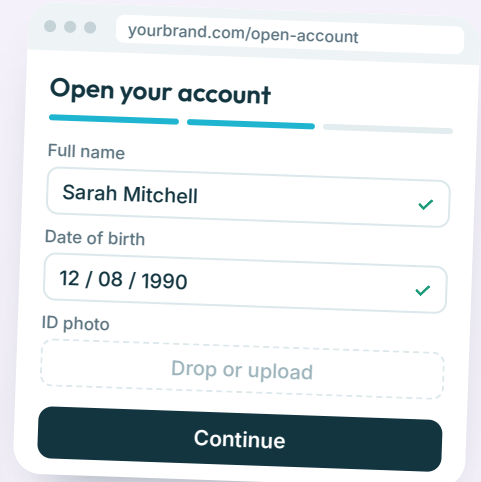

Automation that works the night shift.

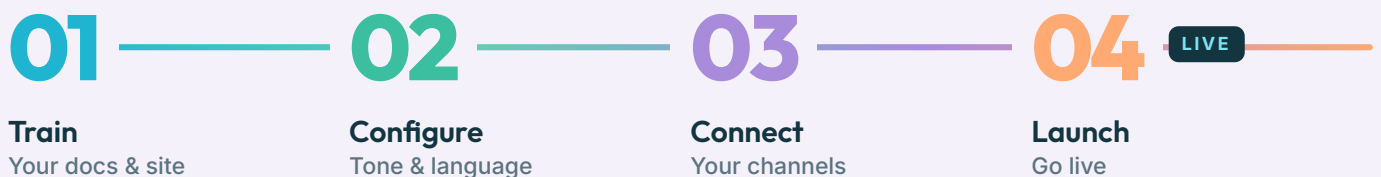

One flow. Chat or form.

Build the journey once. Customers finish it in a WhatsApp chat or on a web form, and every reply lands in one inbox.

----- SAME DATA, SAME INBOX -----

Live in days, not quarters.
